LRC61 Sneaker Cleaner

The Sneaker Cleaner is designed to clean all types of leather sneakers and plastic sneakers.

Manufactured using the latest technology to deep clean all types of sneakers with ease, with a fantastic built in aroma and powerful yet gentle water based cleaning solution.

Our Sneaker cleaner is a powerful cleaning solution which removes stubborn grime and dirt. Thanks to its special additives this enables sneakers to be kept soft and supple at all times.

- Great on leather and vinyl sneakers.
- Astonishing results.
- Works on soles.
- Brightens all leathers and plastics.
- Easy to use.
- The sneaker cleaner is capable of removing stubborn deep-down grime and dirt within the grain.

As well as the upper part of any pair of trainers / sneakers this cleaning solution will deep clean and brighten the most dulled pair of sneakers you can find, capable of removing the most stubborn in ground dirt and grime possible.

You can apply directly to the sneakers and use a brush and scrub in, you can also use a steamer if required on the soles, spray on the cleaning solution, scrub in with a brush and then steam clean and the results are outstanding.

Instructions

Shake the bottle well before use, test in a small hidden areas first.

Spray directly onto the surface and work in with a bruce brush or a bamboo applicator pad.

Use circular motions to lift away the dirt from your sneakers.

Using a soft terry towel wipe away all dirt residues.

After cleaning proceed to condition and protect your vinyl with leather juice or leather protection spray.

As an additional help guide the sneaker cleaner can be sprayed onto the surface lightly agitated and then left for a few minutes to work into the grain of the sneakers to break down grease and grime and to remove imbedded dirt.
